In Short

Filled with warm, contemporary accents, this bright spot offers Capitol Hill residents a neighborhood option for quick nail maintenance or more involved spa services. The long manicure table encourages chit-chat, while cushy pedicure chairs seem made for magazine perusal. Cleanliness is highly emphasized: an on-site autoclave sterilizes all manicure and pedicure tools before use; everything else is disposed of before the next customer. Mineral makeup application, facials, massage, facials, tinting and waxing are also available.
